

CITY OF LINCOLN MAYOR RECOMMENDED FISCAL YEAR 2010-2011 BUDGET SUMMARY

This summary addresses revenue estimates for all tax funds, expenditure information for all tax funds, and significant changes for each department from the previous year's budget for all funds.

All tax funds identify the following:

- General Fund
- Library Fund
- Social Security Fund
- Police and Fire Pension Fund
- Unemployment Compensation Fund
- Bond Interest and Redemption Fund

The funds listed above are in this classification because each receives property tax as a source of its revenue. However, they are not limited exclusively to property tax revenues. The term property tax revenue refers to the amount of revenue from property taxes that will be required to operate during the next fiscal year. The property tax levy rate refers to the rate that is levied upon property in order to raise the budgeted property tax revenue. The City Charter requires that a 10% surplus be added to the property tax revenue amount when the tax rate is determined. The 10% surplus is provided by appropriating only 90% of the property tax revenue that the levy rate will generate.

In addition to the tax funds referred to above, the following funds, referred to as tax subsidized funds in this summary, receive a portion of their funding via transfers from the General Fund. These are:

- Health Fund
- 911 Communications Fund
- Animal Control Fund
- Building and Safety Fund
- Lincoln Area Agency on Aging Fund
- StarTran Fund
- Workforce Investment Act Fund

Interfund transfers are included in the Miscellaneous Budgets section of this book. There are also many funds contained in the operating budget that do not receive tax revenue. The Summary of Staffing and Operating Expenditures by Fund and Department on pages 15 and 16 of this section of the Budget provides a complete summary of all funds included in the operating budget.

BUDGET OVERVIEW

The 2010-2011 budget process began in January of 2010 with the issuance of budget instructions to City Departments. In January of 2008 the Mayor began a transition to Outcome Based Budgeting for the 2008-2009 fiscal year. This transitioning process continued in December 2009 with "CityStat" meetings with city department personnel and interested citizens. The purpose of these meetings was to evaluate indicators used to measure performance of City Departments in meeting desired performance levels toward achieving the City outcomes. Programs were ranked in three tiers, with Tier 1 being the highest priority programs for City government to provide. The results of this process are under the Outcomes tab of this budget book. A phone survey was conducted to determine the citizen priorities and level of satisfaction with various City services and quality of life issues. In addition, an online survey was conducted and an all day public discussion was held on budget.

The 2010-2011 Mayor's Recommended Budget complies with the State imposed lid passed by the 1998 Legislature in LB 989. Key provisions of the lid include:

- Appropriations from various revenue sources (property taxes, motor vehicle taxes, sales tax, in-lieu of tax, state aid, highway allocation fees) are limited to the greater of a 2.5% increase or the percentage increase in the tax base provided by real growth and annexations. The change in the tax base, including personal property and centrally assessed property, is projected to be an increase of 0.5%. Capital improvements and debt service payments on voter approved bond issues are exempt from the lid.
- Costs associated with inter-local agreements are exempt from the lid. The City again excludes many inter-local agreements from the lid limitation.
- As a result of the 2009 - 2010 Budget and previous budgets, the City has \$12,077,697 of unused lid authority going into the 2010-2011 budget process.

Personnel

The net change in full time equivalents (FTE's) for all funds is an increase of 5.6 FTE's. A more thorough explanation of changes in staffing is included in the PERSONNEL CHANGES ALL FUNDS section of this

summary. Further detail is included in the **SIGNIFICANT BUDGET CHANGES BY DEPARTMENT** and **SUMMARY OF STAFFING AND OPERATING EXPENDITURES BY FUND AND DEPARTMENT**.

The 2010 – 2011 Mayor’s Recommended Budget for all funds include the following program changes:

Significant Program Changes:

- Reorganizations in the Human Rights function and the City Forestry division.
- Downtown parking enforcement is privatized and all parking enforcement costs are transferred to the Parking Fund.
- Staffing increases paid for by the West Haymarket Joint Public Agency are included to support construction of the arena and related development.
- The Neighborhood North and South bus routes are eliminated.
- Evening hours at Neighborhood swimming pools are reduced.

Some revenue changes involve fees charged for City services. Without periodic increases in fees, amounts collected, or other revenue adjustments, inflationary cost increases would need to be covered by additional property tax revenue or the levels of service provided would need to be reduced. The adequacy of fees charged for City service cost recovery is examined each year and some fee increases are included in each annual budget.

General - General Expense <ul style="list-style-type: none"> Health insurance premiums in the Budget reflect a 3.6% rate increase. The health insurance plan became self-insured for the 2006 – 2007 fiscal year and remains self-insured for 2010-2011. The rate increase is held down by positive experience of the self-insured plan resulting in the amortization of a fund balance to keep premium costs as low as possible. Appropriations for 2010-2011 for the civilian retirement plan were offset by forfeitures of \$50,000 that were available to offset what would have otherwise been necessary for current costs. A similar amount is available to offset costs in various non-tax funds. Election expense increases to \$210,000 in 2010-11 from \$55,000 in the prior year. The amount budgeted reflects having a City Primary and General election during the next fiscal year.
